

SAFE Laundry Practices

**COVID-19
SOCIAL DISTANCING**

**MAINTAIN A DISTANCE
OF AT LEAST 2 METERS (6 FEET) FROM OTHERS**

Stay home if not feeling well

If you are experiencing symptoms or feel sick, please do not expose others. Stay home, be safe and take good care of yourself.

Maintain 6' away from others

When in the laundry room, make sure you maintain 6' of distance between you and others.

If too crowded, don't stay

If the laundry room is busy and there are too many people inside, don't take any chances. Come back when you have the room to maintain a safe distance from others.

Fold clothes at home

Limit your visit to loading and unloading laundry only. Bring your laundry back home to fold.

While in the laundry room, don't forget these safety guidelines:

- **Do not shake dirty laundry**
- **Wear gloves and mask**
- **Use hottest water fabric allows**
- **Use the right amount of soap**
- **Only put clean laundry into clean bags and carts**
- **Clean and sanitize items you come in contact with**
- **Sanitize your hands before & after**

Your safety is our top concern. If you have any questions, please contact us at **800-526-5760 • service@hercnet.com**
