

The Smart Choice in Laundry

75 West End Avenue, NYC

"I've worked with Hercules for a number of years and the support I've always received from John Abraham, Assistant Vice President of Sales, and Steve Beckerman, Director of Operations, and the entire Hercules team, has been second to none. West End Towers is a 1,000-unit high-rise just off 66th Street on Manhattan's Upper West Side. Hercules designed our two laundry rooms to meet the many needs of our residents, offering ample space, High Efficiency washers, large capacity washers and stack dryers that save us a great deal of space."

Richard F. Mason  
Executive Director of Management
